#### **PSC LOCAL PUBLIC HEARING IN HANNIBAL IN SBC MISSOURI REQUEST FOR COMPETITIVE CLASSIFICATION IN SOME OF ITS EXCHANGES**

JEFFERSON CITY---The Missouri Public Service Commission will hold a local public hearing in **Hannibal, Missouri, on Friday, October 7, 2005**, to receive customer comment on a request filed by Southwestern Bell Telephone, L.P., d/b/a SBC Missouri to have some of its exchanges classified as competitive under a new law (SB 237) which took effect on August 28, 2005. SBC Missouri's request includes the Hannibal exchange. SBC Missouri is seeking competitive classification in 51 of its residential exchanges and 30 of its business exchanges.

If competitive status is granted, SBC Missouri would no longer be subject to price or rate regulation by the PSC. SBC Missouri would be permitted to raise or lower its telephone prices at its own discretion, subject to the marketplace. The PSC would continue to regulate quality of service, service termination and other billing issues.

Due to the large number of exchanges at issue, this local public hearing will be conducted by two-way video conference with the communities of Kirksville and Mexico. Members of the public are invited to attend and provide comment on SBC Missouri's request and the nature and amount of telephone competition in the customer's exchange. Commissioner Robert Clayton will be in attendance at the hearing.

A question and answer session will be held for the first 30 minutes so that the public can ask questions about the request. The public comment period will begin immediately thereafter.
